

**John J. Schommer, Mary Anne Swardson**  
*Almost realcompactness*

Comment.Math.Univ.Carolinae 42,2 (2001) 385-394.

**Abstract:** We provide a new generalization of realcompactness based on ultrafilters of cozero sets and contrast it with almost realcompactness.

**Keywords:** almost realcompact, almost realcompact, almost weak Oz, super countably paracompact, rc=s

**AMS Subject Classification:** 54D60
