Generalized Bochner-Riesz means on spaces generated by smooth blocks

Comment.Math.Univ.Carolinae 44,3 (2003) 489-505.

Abstract: We investigate generalized Bochner-Riesz means at the critical index on spaces generated by smooth blocks and give some approximation theorems.

Keywords: smooth blocks, generalized Bochner-Riesz means

AMS Subject Classification: 42B99, 41A35
