On absolute summability factors for $|\overline{N}, p_n|_k$ summability

Comment.Math.Univ.Carolinae 32,3 (1991) 435-439.

Abstract: In this paper a theorem on $|\overline{N}, p_n|_k$ summability factors, which generalizes a theorem of Mishra and Srivastava [MS] on $[C, 1]_k$ summability factors, has been proved.

Keywords: absolute summability, summability factors, infinite series
