On the Jacobson radical of graded rings

Comment.Math.Univ.Carolinae 33,1 (1992) 21-24.

Abstract: All commutative semigroups S are described such that the Jacobson radical is homogeneous in each ring graded by S .

Keywords: Jacobson radical, G -graded ring (G a commutative semigroup)

AMS Subject Classification: Primary 16A21; Secondary 16A20, 20C05
