A. Bensoussan, J. Frehse Asymptotic behaviour of the time dependent Norton-Hoff law in plasticity theory and H^1 regularity

Comment.Math.Univ.Carolinae 37,2 (1996) 285-304.

Abstract: We prove H^1_{loc} -regularity for the stresses in the Prandtl-Reuss-law. The proof runs via uniform estimates for the Norton-Hoff-approximation.

Keywords: elasto-plasticity, regularity, variational inequalities AMS Subject Classification: 35A15, 35D10, 35J45, 35J50, 35K65, 35K85, 35Q72, 73E50
