***Cleavability and divisibility over developable spaces***

Comment.Math.Univ.Carolinae 37,4 (1996) 791-796.

**Abstract:** Some results on cleavability theory are presented. We also show some new [16]'s results.

**Keywords:** cleavable space, developable space, subdevelopable space,  $D$ -regular space,  $D$ -completely regular space,  $D$ -compact space,  $D$ -normal space, divisible space

**AMS Subject Classification:** 54A20, 54C10, 54D20, 54E30
