*On a d -parameter ergodic theorem for continuous semigroups
of operators satisfying norm conditions*

Comment.Math.Univ.Carolinae 38,3 (1997) 453-462.

Abstract: A continuous multiparameter version of Chacon's vector valued ergodic theorem is proved.

Keywords: vector valued multiparameter pointwise ergodic theorem, Chacon's ergodic theorem, semigroups of operators, norm conditions

AMS Subject Classification: 47A35
