A Carleson inequality for $BMOA$ functions with their derivatives on the unit ball

Comment.Math.Univ.Carolinae 39,4 (1998) 777-784.

Abstract: The main purpose of this note is to give a new characterization of the well-known Carleson measure in terms of the integral for $BMOA$ functions with their derivatives on the unit ball.

Keywords: Carleson measure, $BMOA$ functions, Hardy spaces
